BookWidgets

- alat za vrednovanje
u online nastavi
matematike

1. Međuzupanijsko stručno vijeće nastavnika
matematike u gimnazijama Primorsko-goranske i
Ličko-senjske županije, 27.11.2020.

Amira Blahutović Redžić,
Prva rječka hrvatska gimnazija

Zašto baš BookWidgets?

- besplatan (u doba online nastave)
- pouzdan
- matematički simboli (LaTeX)
- veliki izbor vrsta pitanja
- prilagodljivost različitim ekranima
- učenicima jednostavan za korištenje
- „uredna” povratna informacija učenicima
- mogućnost ograničenja vremena
- jednostavna navigacija među pitanjima

PREDNOSTI

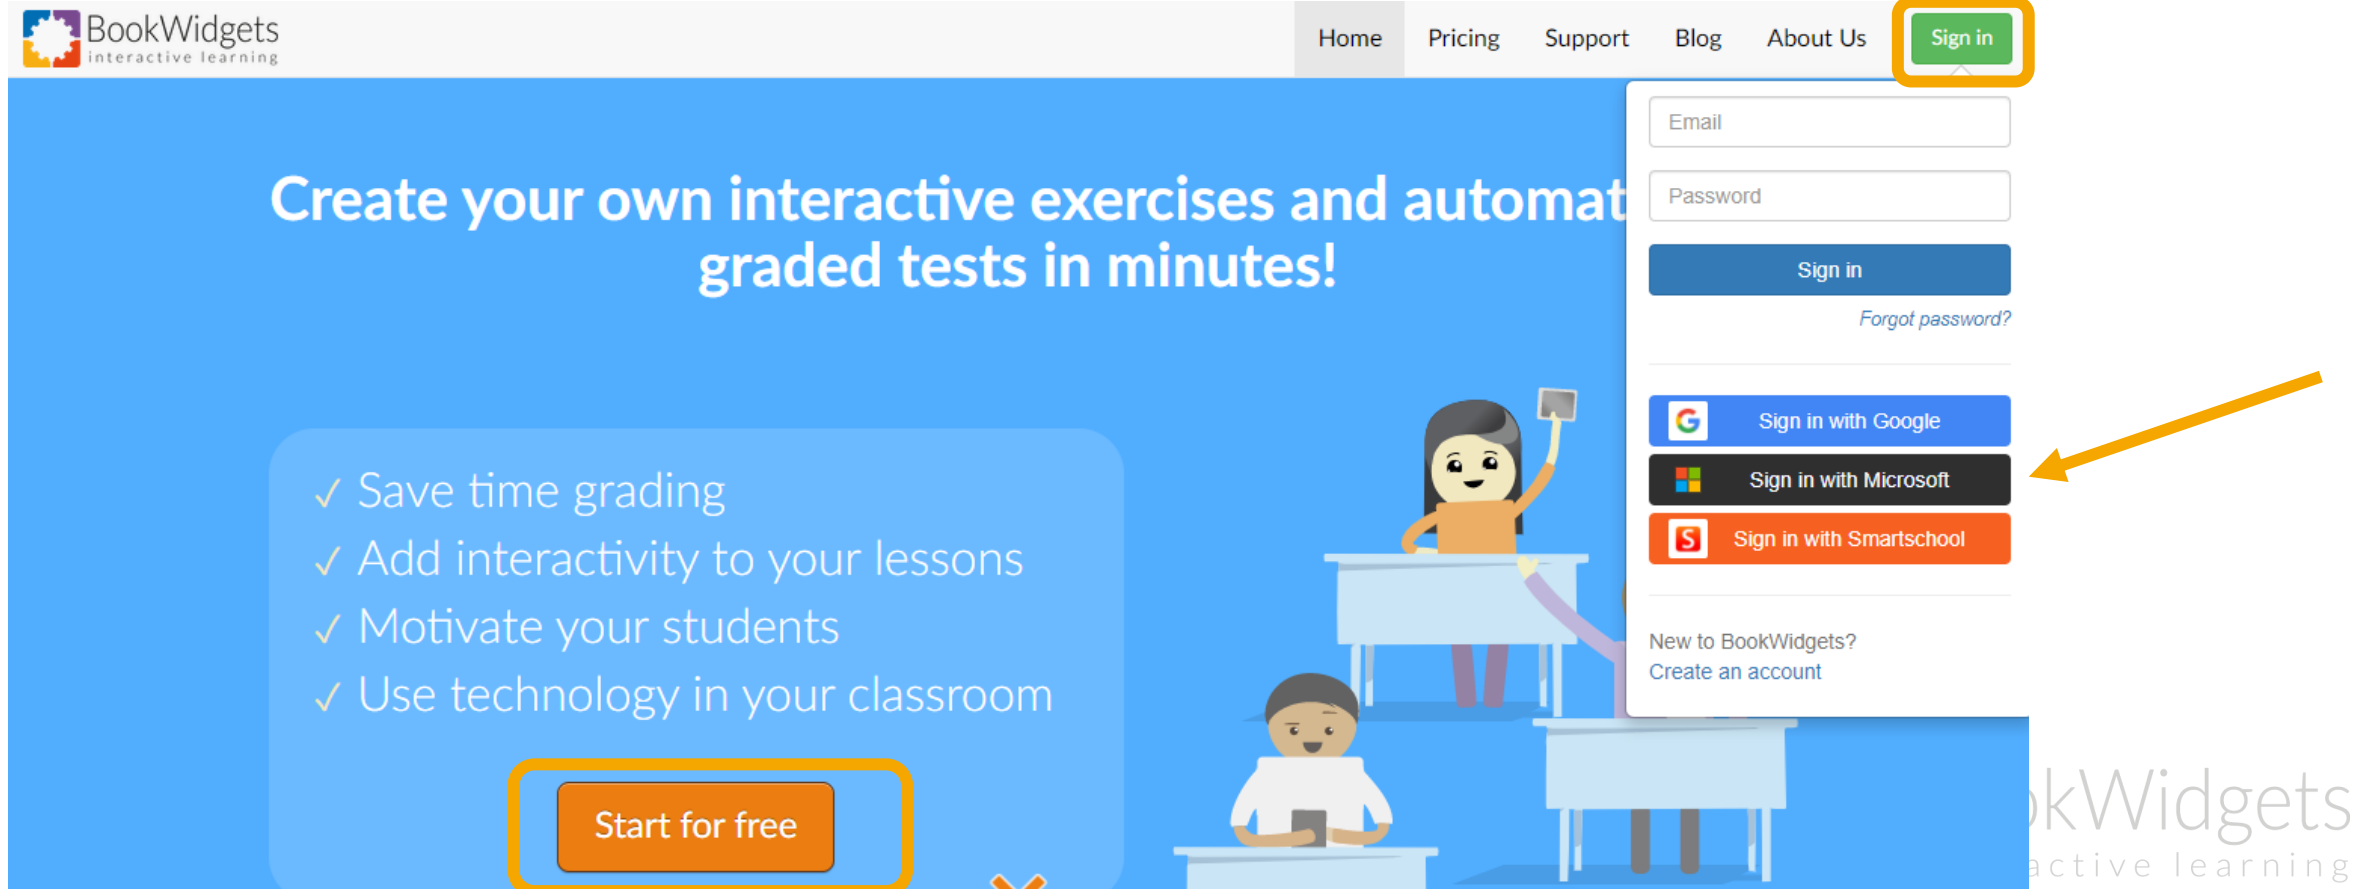

Zašto baš BookWidgets?

- manje je „user friendly” od drugih alata
- nema mogućnost automatskog povezivanja s platformom MS Teams – popravljeno 😊

NEDOSTACI

Gdje početi?

- <https://www.bookwidgets.com/>

The screenshot shows the BookWidgets website interface. At the top left is the logo "BookWidgets interactive learning". The navigation menu includes "Home", "Pricing", "Support", "Blog", "About Us", and a "Sign in" button highlighted with an orange border. Below the navigation is a large blue banner with the text "Create your own interactive exercises and automated graded tests in minutes!". To the left of the banner is a list of benefits: "Save time grading", "Add interactivity to your lessons", "Motivate your students", and "Use technology in your classroom". At the bottom of the banner is a "Start for free" button. On the right side, a sign-in form is open, showing fields for "Email" and "Password", a "Sign in" button, and a "Forgot password?" link. Below the form are three social login options: "Sign in with Google", "Sign in with Microsoft" (highlighted with an orange arrow), and "Sign in with Smartschool". At the bottom of the sign-in form is a link for "New to BookWidgets? Create an account". The background of the banner features an illustration of a teacher at a desk and a student at a desk.

The screenshot displays the BookWidgets interface for editing a quiz. The top navigation bar includes the BookWidgets logo, the user email 'amira.mahmutovic@skole.hr', and a power icon. A left sidebar contains navigation options: Home, Widgets (with sub-items My Widgets and My Groups), Examples, Live, Grades & Reporting, Account, and Support. The main content area is titled '(No name)' and 'Questions', with sub-headers 'Quiz' and 'QUESTIONS'. A blue bar highlights the 'Questions' section. Below it, a list of settings is visible: Title/Reporting, General, Localization, Design, and How to import from Excel (.csv). A large white button labeled 'Add question' is centered in the main area. The top right of the main area has 'Preview', 'Share', 'Close', and a settings gear icon. The bottom right of the main area has an 'Edit' link. A mouse cursor is visible over the main area.

Upisivanje matematičkih simbola i formula

- upisivanje pomoću programskog jezika LaTeX
- unutar programa postoji tablica za pomoć pri upisivanju s najčešće korištenim simbolima

The screenshot displays the BookWidgets interface for configuring a question. The top navigation bar includes the BookWidgets logo, the user email 'amira.mahmutovic@skole.hr', and a power icon. The left sidebar contains navigation options: Home, Widgets, My Widgets, My Groups, Examples, Live, Grades & Reporting, Account, and Support. The main content area is titled '(No name)' and shows a 'Questions' configuration screen. The 'Questions' menu item is highlighted in blue. The configuration options include: Quiz, Questions (selected), Title/Reporting, General, Localization, Design, and How to import from Excel (.csv). The 'TEXT MULTIPLE CHOICE QUESTION' section is active, showing a configuration area with a 'QUESTION' input field and a 'Need to enter math or chemistry formulae? [Learn more here](#)' link. Below this, the 'ANSWERS' section has a checked 'Enter answer' option and a 'Provide your answers, and indicate the correct answer' instruction. At the bottom, there are two toggle switches: 'Random answer order' and 'Multi-column layout', both currently turned off.

Mogućnosti prilagođavanja kviza

- nasumičan poredak pitanja unutar kviza i ponuđenih odgovora unutar pitanja
- način dodjeljivanja bodova za svako pitanje može biti posebno namješteno
- dodavanje lozinke potrebne za otvaranje kviza (može se mijenjati tijekom provedbe kviza)
- ograničenje vremena za rješavanje (Exam mode)
- prikaz točnih odgovora ili povratne informacije odmah po završetku ispita (može biti i isključeno)
- prikaz bodova uz svako pitanje
- dodavanje znanstvenog kalkulatora
- „Save & restore answers”
- dodavanje pitanja iz nekih prijašnjih kvizova
- mogućnost stilskog oblikovanja (pozadina i sl.)

Dijeljenje kviza

- pomoću poveznice
- QR kod
- direktno postavljanje u Teams ili Google Classroom kao Zadatak (Assignments)
- slanje mailom
- mogućnost dijeljenja među kolegama (poveznica za učitelje/teacher link)

Rezultati i povratna informacija

- mogućnost dodatnog pregledavanja testova
- pregledavanje „učenik po učenik” ili „pitanje po pitanje”
- sustav automatski dodjeljuje bodove prema zadanim kriterijima pri izradi kviza, ali postoji mogućnost ručne promjene
- mogućnost upisivanja komentara ispod svakog pitanja
- svaki pojedini kviz se može spremiti u PDF oblik
- mogućnost preuzimanja rezultata za cijelu grupu/razred u obliku Excel tablice
- prikaz postotka riješenosti za svakog učenika i za svako pitanje, grafički prikaz postignutih bodova za cijelu grupu/razred
